

# Tradies Choice – FS Screed

## DESCRIPTION

Tradies Choice FS Screed is a fast setting high build modified cementitious screed for use with SAS waterproofing membranes and tile adhesives. Tradies Choice can be used for internal / external applications but not for immersed situations like a swimming pool spas etc. It is suitable for concrete floors and fibre cement sheets prior to tiling.

## SUB FLOOR PREPARATION

The surface must be clean, dry firm and free of dust oil, grease, wax and curing compounds. The substrate must be installed according to the relevant standards and manufacturer recommendations. All porous surfaces must be primed with SAS Master Primer. For non-Porous surfaces such as existing tiles, adhesives must be primed using SAS Master Primer neat. Please contact SAS Technical Team for further information.

## MIXING

Mix 2 - 2.5 Litres of water to 20kg of Tradies Choice FS Screed. Mix with a mixing paddle until a creamy consistency is achieved and powder is free of lumps. Allow mixture to stand for 3 minutes remix and use the screed.

Note: Do not over water as this will promote bleed and separation with a reduction in bond and strength.

## APPLICATION

Tradies Choice FS Screed to the primed substrate using a screed bar or trowel to give the required thickness, minimum thickness is 15mm for bonded screeds or external areas, minimum thickness should be 25mm on concrete or 35mm on F/C sheet. Maximum thickness applied in any one application can be up to 200mm. Tradies Choice FS Screed has a work time of approximately 30 minutes at 23° C

## MOVEMENT JOINTS

Movement joints must be in accordance with Australian Standards AS 3958.1-2007

## APPLICATION TEMPERATURES

Do not apply Tradies Choice FS Screed below 5 ° C and above 40 ° C

## COVERAGE

Tradies Choice FS Screed will cover approximately 0.5 m2 at 25mm in thick

**Work Time – 25 min at 23 ° C**

**Appearance – Grey powder**

**Initial set time 2 hours at 23 ° C**

**Initial set time 4 hours at 23 ° C for waterproofing membranes**

**Final set time 8 hours at 23 ° C**

## PACKAGING

20kg

Warranty

- 15 year manufacturers warranty
